

The Sharing

Squirrel

**Once upon a time,
there was a friendly
squirrel who loved to
share.**

**This squirrel
lived in a cozy
tree in the
forest.**

One sunny day, the squirrel found lots of yummy acorns. It collected more than it needed to eat.

**The squirrel thought,
"I can share these
acorns with my
friends!"**

**The squirrel
quickly scurried
through the
forest, looking
for its friends.**

**It found a
little bird, a
bunny, and
a chipmunk
playing
together.**

**The squirrel hopped over and
said, "Look, I have some extra
acorns! Would you like to share
them with me?"**

**The bird, bunny, and chipmunk
were excited. They happily replied,
"Yes, we would love to share!"**

A close-up photograph of a wicker basket filled with acorns. The basket is made of light brown wicker with a tight, diagonal weave. It has two curved handles. The acorns are a mix of brown and green, some with their caps on and some without. They are piled high in the basket. The background is a soft, out-of-focus green, suggesting a forest or garden setting. The lighting is warm and natural, highlighting the textures of the wicker and the acorns.

**The squirrel and its
friends sat together
in a circle. They
passed around the
acorns, making sure
everyone got some.**

**They
laughed and
chatted as
they
enjoyed
their snack.**

**After they finished,
the squirrel said,
"Sharing is fun! It
makes us happy
and brings us closer
together."**

**The bird, bunny,
and chipmunk
agreed. They
thanked the squirrel
for being so kind
and sharing its
acorns.**

From that day on, the squirrel and its friends always shared with each other. They learned that sharing made them feel warm and fuzzy inside.

And so, the sharing squirrel and its friends continued to play and share in the forest, creating happy moments together.

THE END

The Sharing Squirrel
