

THE curious CATERPILLAR

*Once, in a pretty
garden, a little
caterpillar was
born.*

It had many tiny legs and loved to explore. This caterpillar wanted to see new things and learn about the world.

One day, the caterpillar saw something special. It was a round object hanging on a leaf.

*The caterpillar
wondered what
it could be.*

The curious caterpillar crawled closer and saw it was a small home called a chrysalis.

*Inside, a magical
change was
happening.*

Every day, the caterpillar watched the chrysalis. Colors appeared, and wings started to grow. It was becoming a butterfly!

Finally, the chrysalis opened, and a beautiful butterfly came out. It flew up into the sky.

*The caterpillar felt
amazed. It knew
that it, too, could
become a butterfly
one day.*

*Excited, the caterpillar continued
exploring the garden.*

*It tasted different leaves, climbed on
branches, and met new friends.*

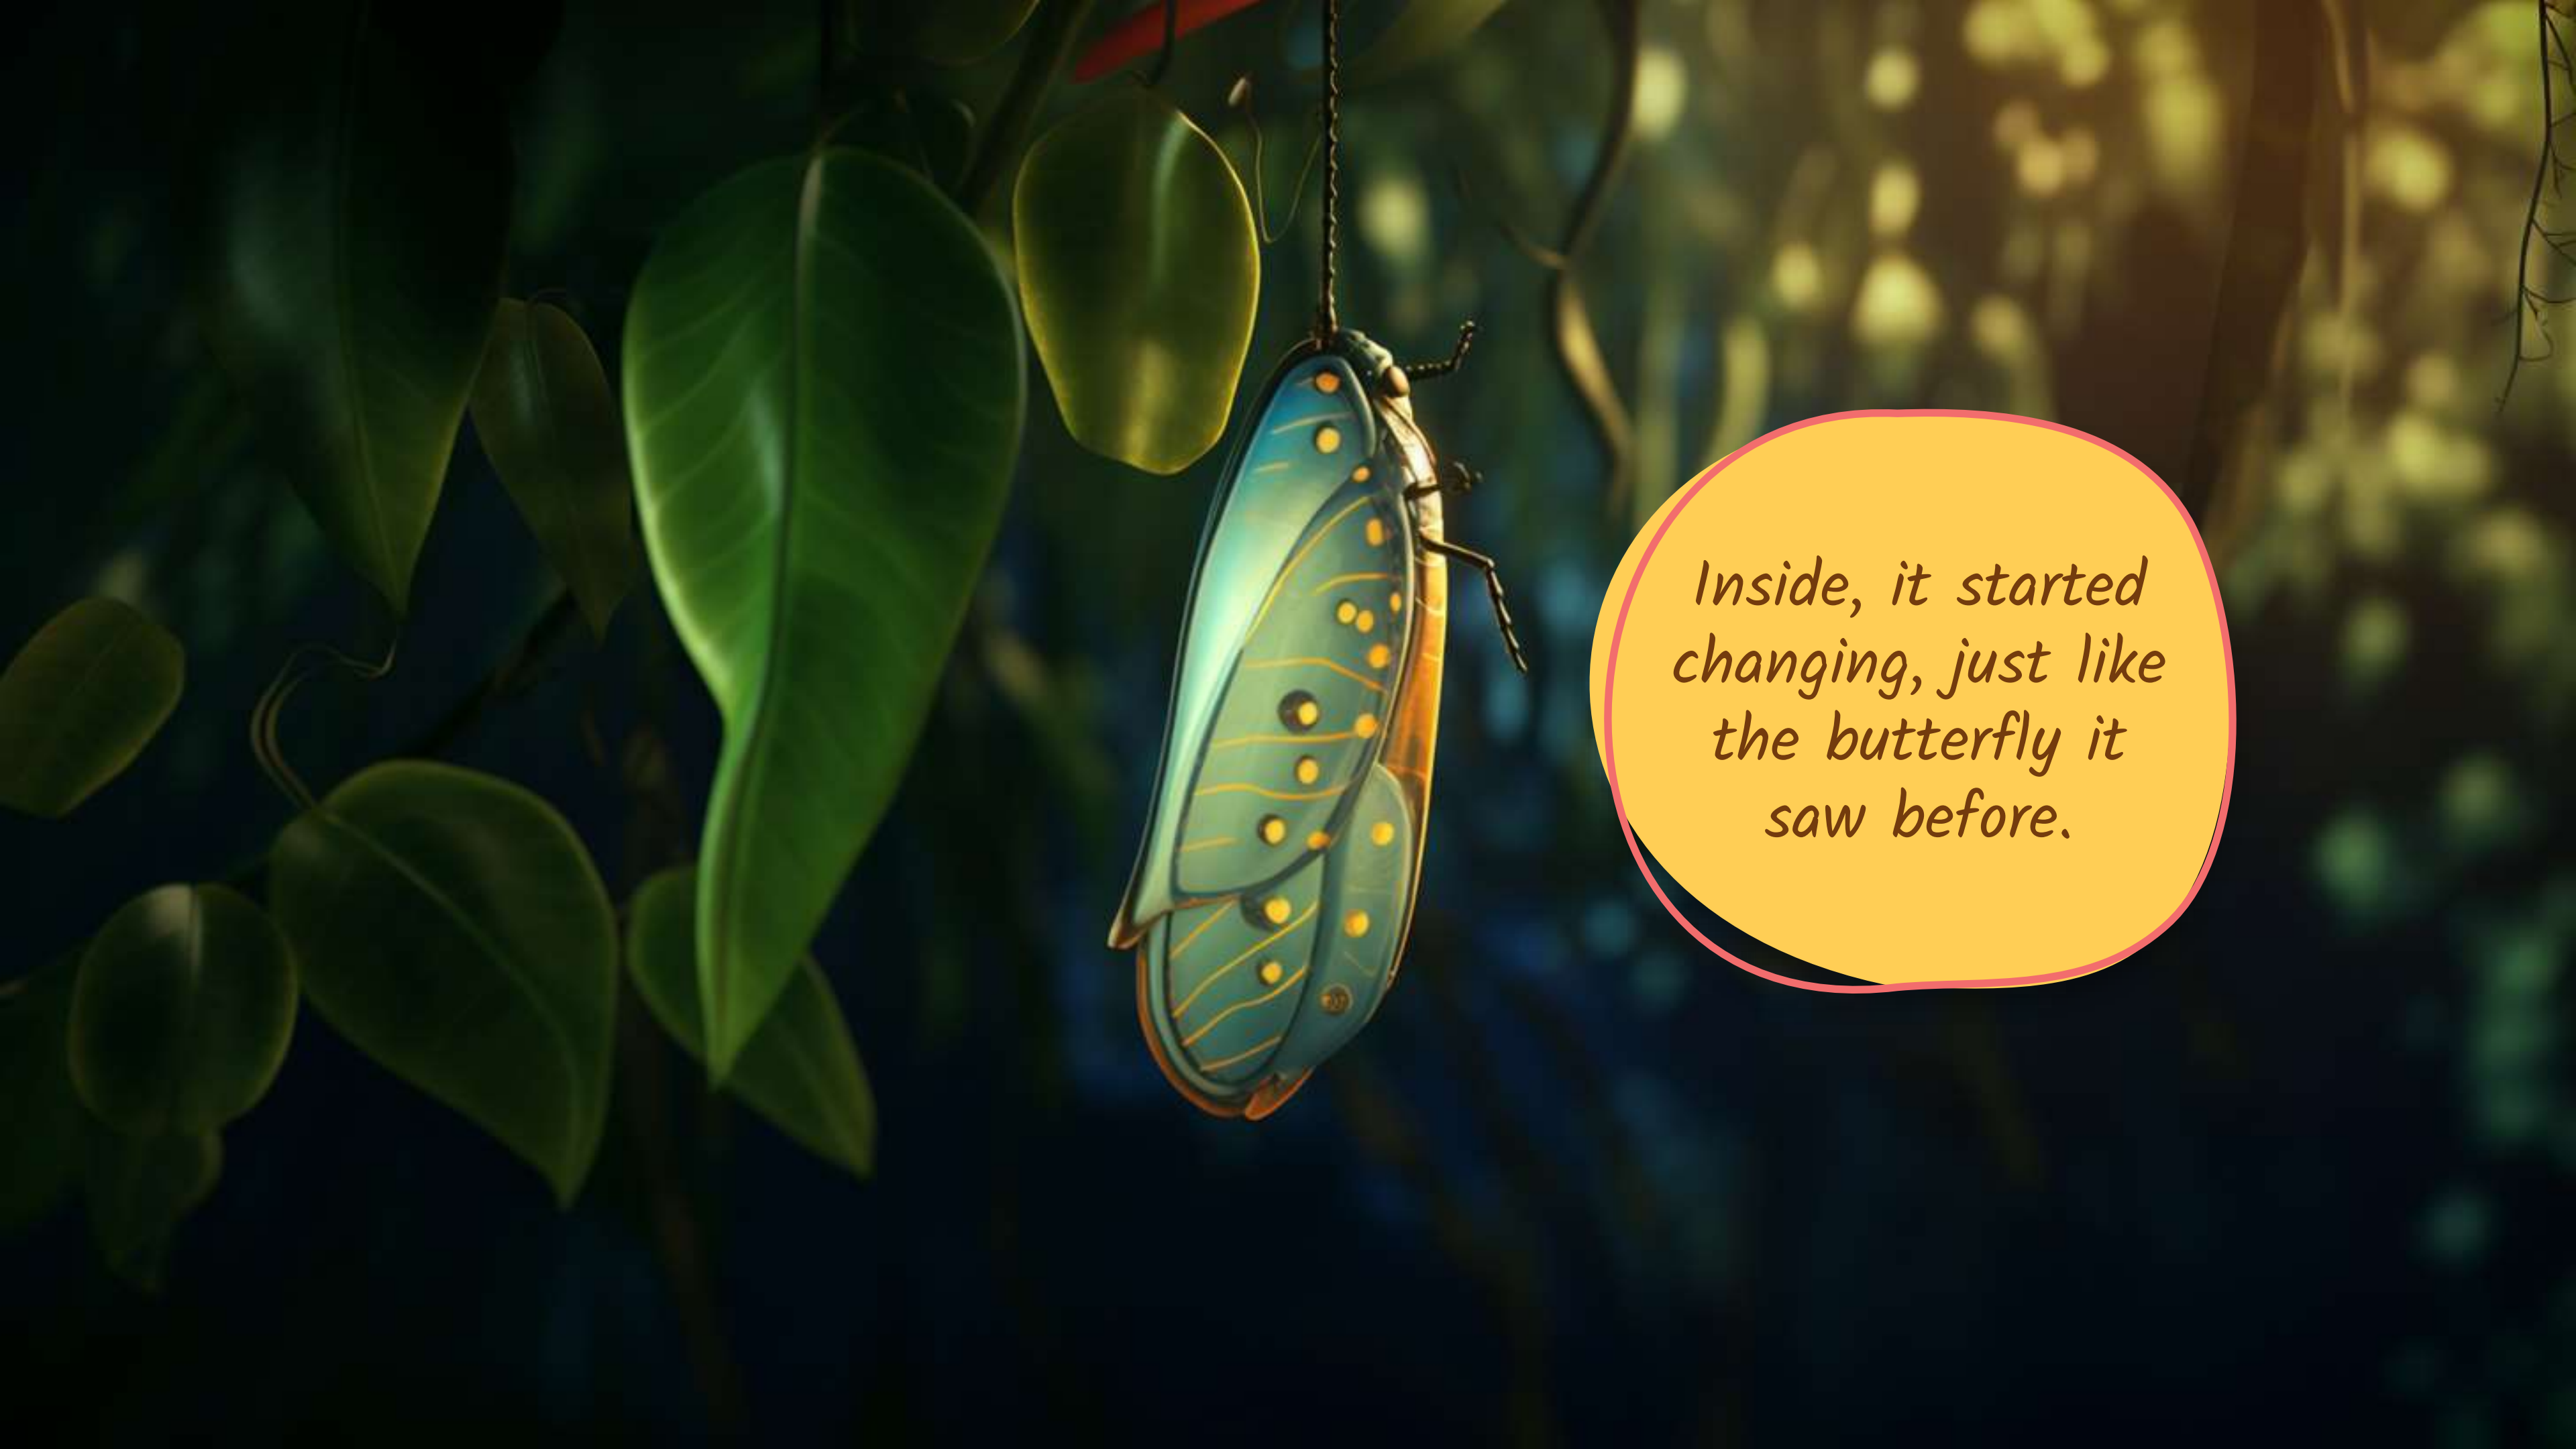

*As time passed, the caterpillar grew bigger.
It felt a strange feeling inside. It knew it
was time for its own change.*

The caterpillar found a safe place and made a cozy home called a chrysalis.

A glowing blue and orange dragonfly is suspended by a thin string, hanging vertically in the center of the frame. The dragonfly's wings are translucent blue with glowing orange veins and spots. Its body is a vibrant orange. The background is a dark, out-of-focus forest with green leaves and tree trunks. A warm, golden light filters through the trees on the right side of the image. To the right of the dragonfly, there is a yellow speech bubble with a pink border containing text.

*Inside, it started
changing, just like
the butterfly it
saw before.*

*After a while, the chrysalis opened, and the caterpillar had become a beautiful butterfly.
It was ready to fly!*

*The butterfly
flapped its wings
and explored the
garden. It visited
flowers and made
everyone smile.*

The curious caterpillar had turned into a wonderful butterfly. It showed everyone that curiosity and change can bring amazing adventures.
