

The Very Hungry

caterpillar's Lesson

This enchanting children's fairy tale is a magical fantasy with valuable life lessons, so remember, it's all just pretend and enjoy the journey with parental guidance

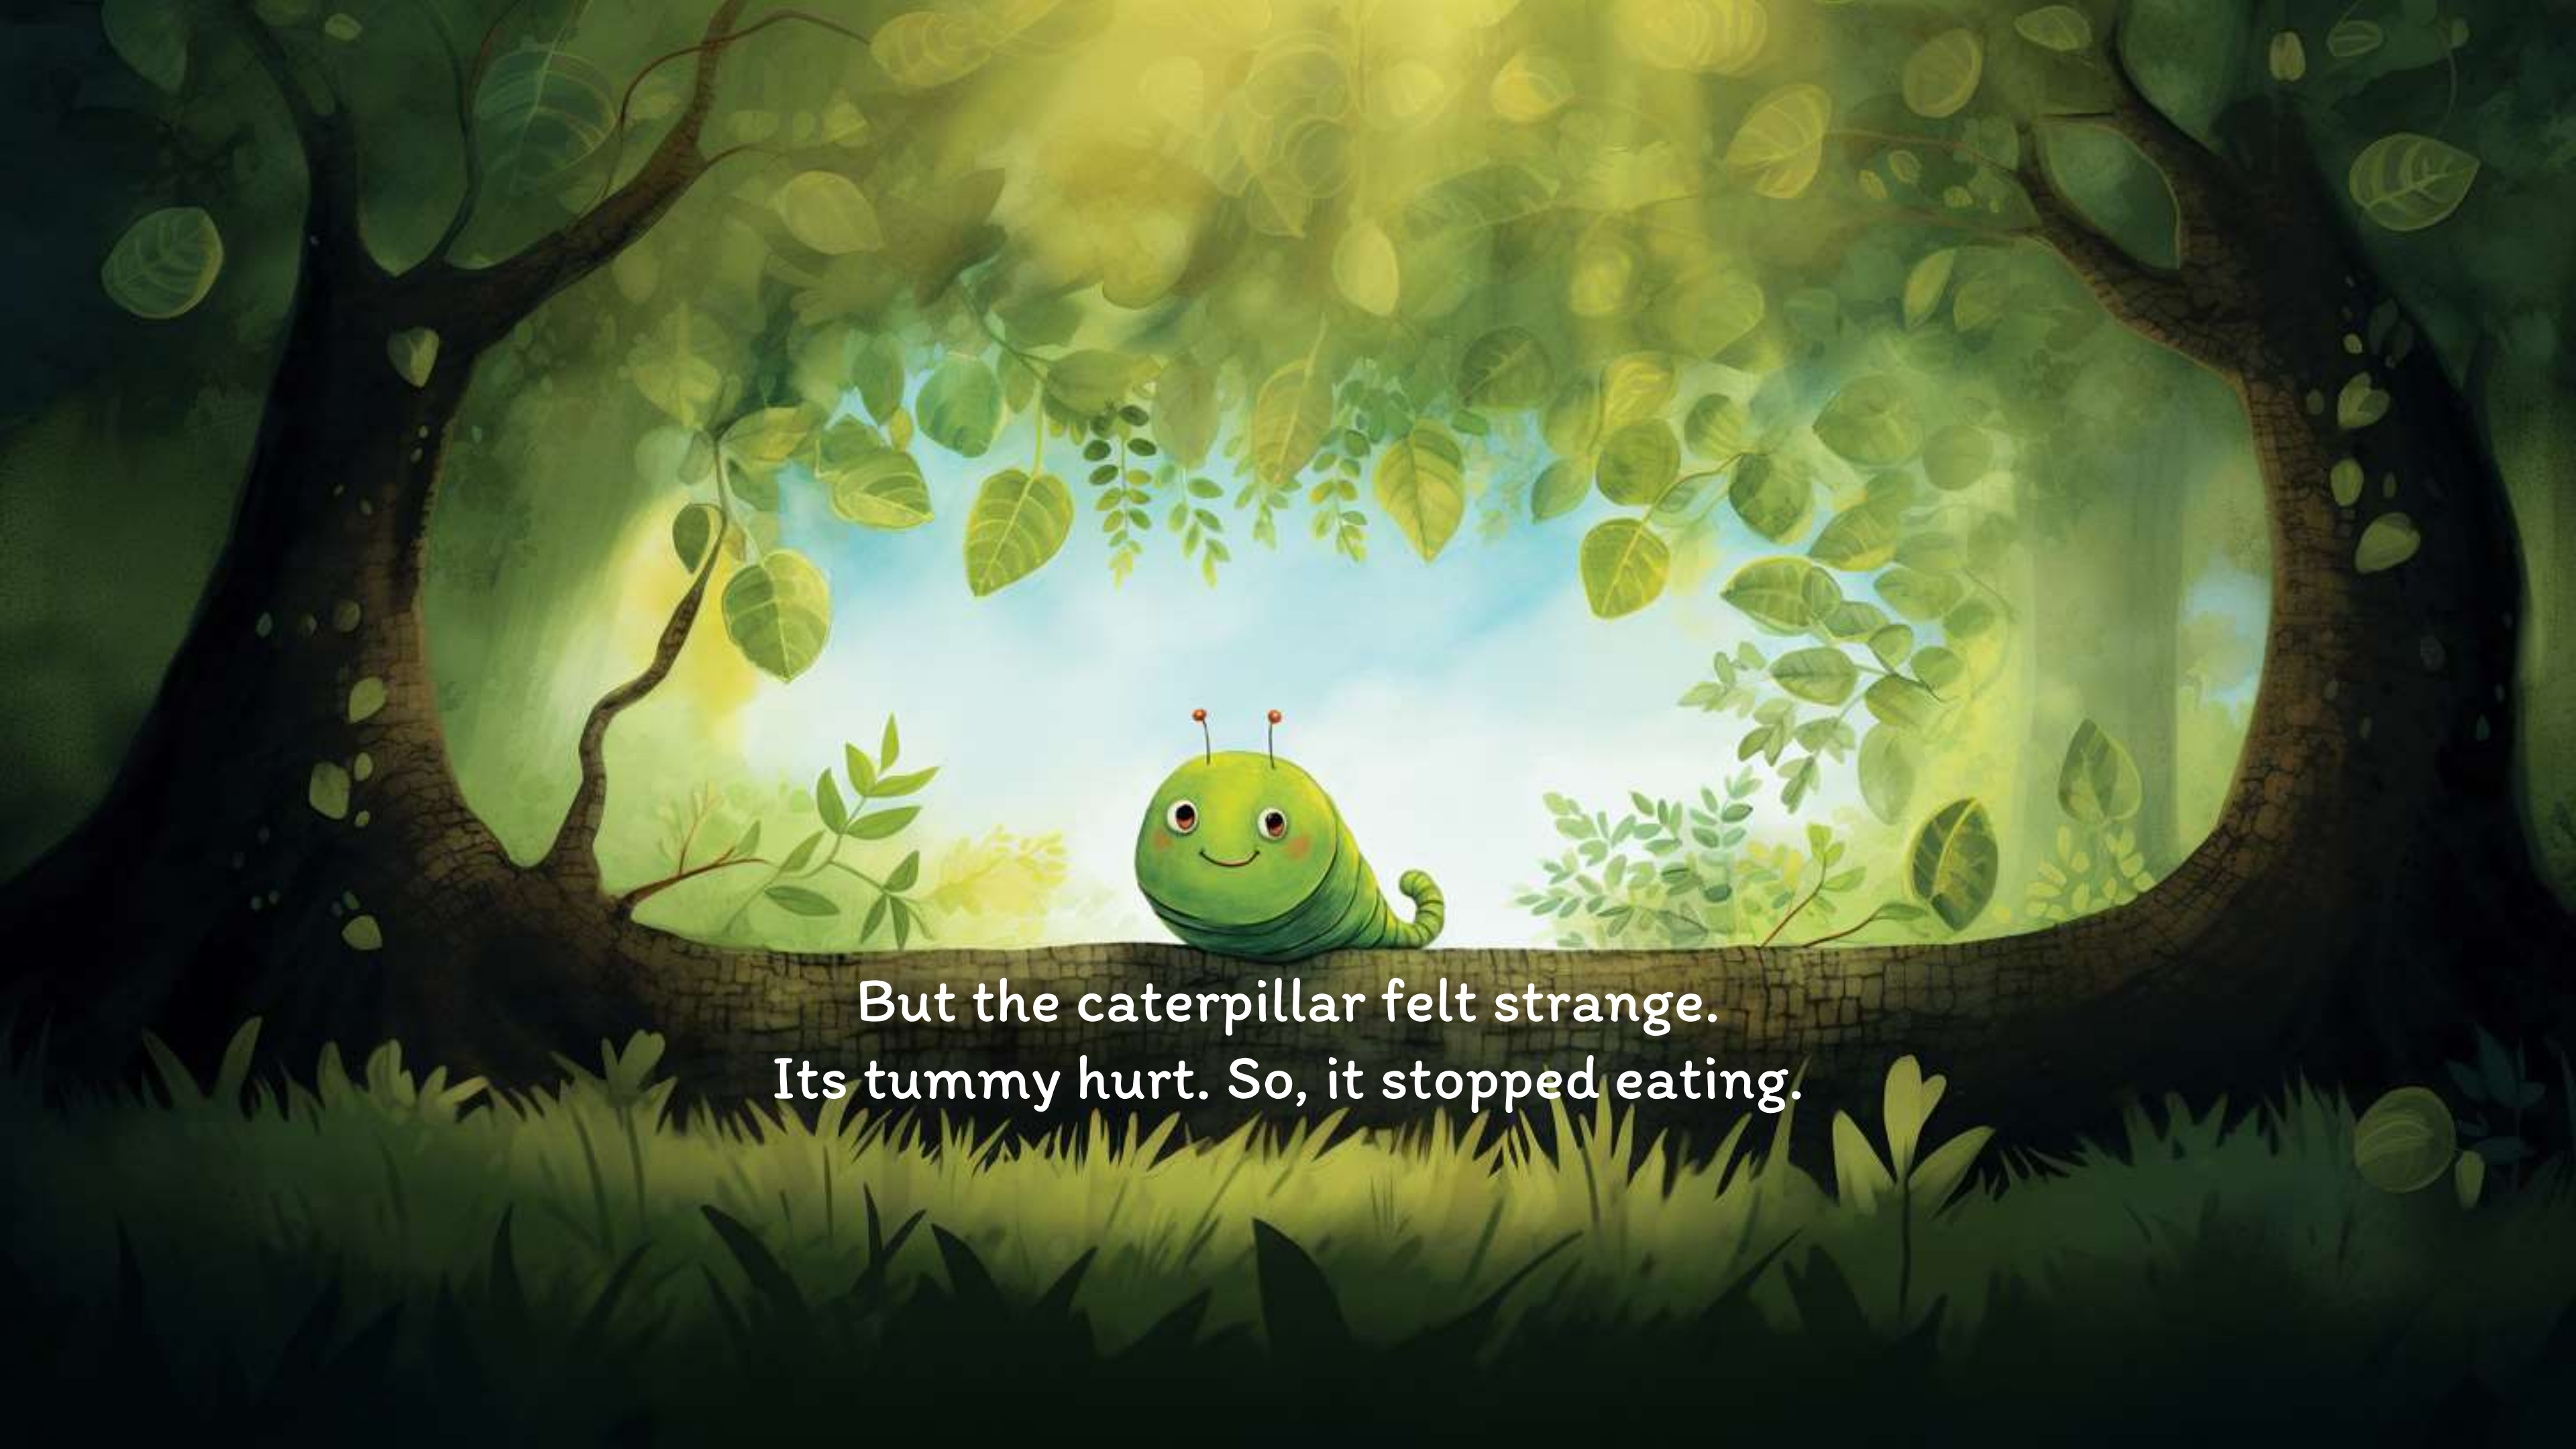

Once upon

a time, there was a
tiny caterpillar. It was
so hungry! It wanted
to eat a lot.

The caterpillar
munched on leaves and
fruits. It ate through
apples, pears, and
more.

But the caterpillar felt strange.
Its tummy hurt. So, it stopped eating.

The **caterpillar**

made a little
home called a
cocoon. It stayed
inside and
rested.

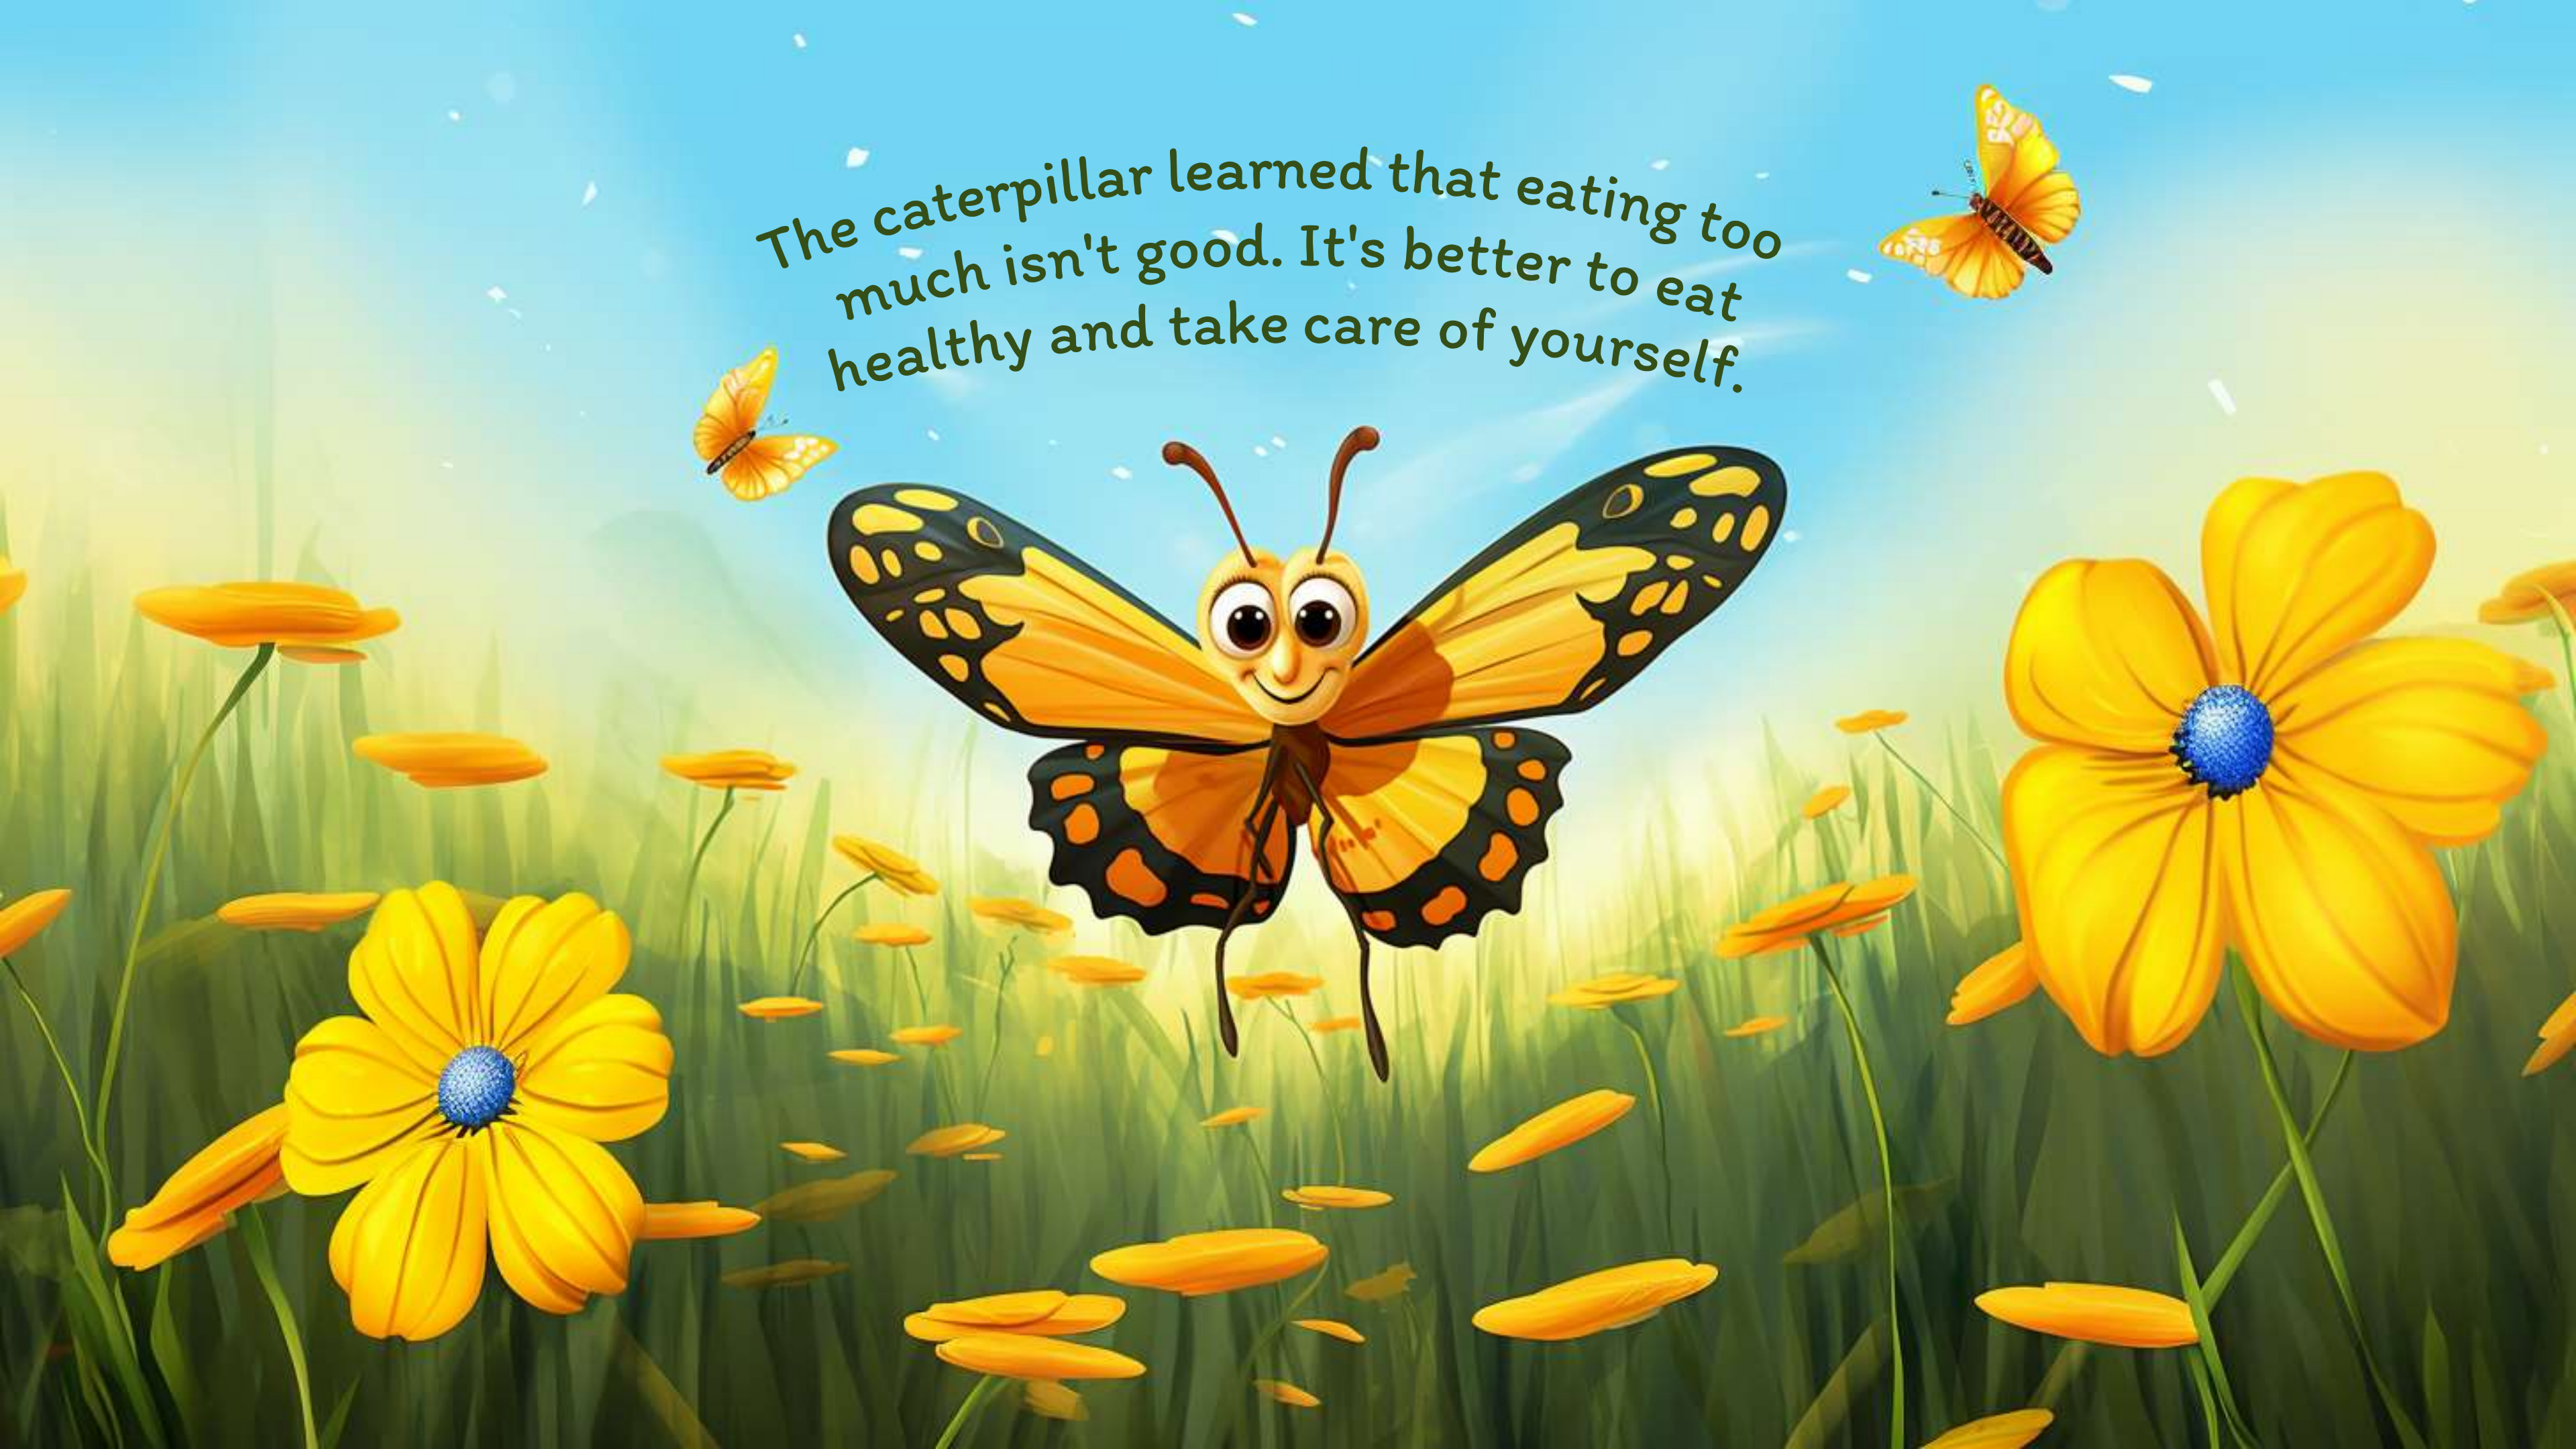

After

some time, the
caterpillar came out.
It had changed! It
turned into a lovely
butterfly with colorful
wings.

The butterfly could fly and sip
sweet juice from flowers.

The caterpillar learned that eating too much isn't good. It's better to eat healthy and take care of yourself.

And so,

the very hungry caterpillar
became a happy butterfly,
learning a lesson along the
way.
